

Installation and Configuration Manual

Configuring WAY4™ According to UnionPay International Requirements (October 2019)

03.48.30

22.07.2019

Contents

1. UnionPay International Settings	4
---	----------

This document describes how WAY4™ must be configured to comply with UnionPay International requirements set forth in the document "Implementation Guide For Technical Enhancement. Version 19.2", which becomes effective in October 2019.

1. UnionPay International Settings

To comply with UnionPay International requirements, WAY4 version 03.48.30.44 or the later version 03.48.30.XX, if version 03.48.30 is used, must be installed at the bank or processing centre. If the bank or processing centre uses WAY4 version 03.49.30, version 03.49.30.17 or later must be installed.

These payment system requirements are supported by Transaction Switch version 1.1.356-5452 or later.

The payment system will notify banks of the date and time when the new requirements become effective.
